

Range of Designer Stands

Various mounting attachments possible

These beautifully shaped stands are available in three different column diameters and in the following different heights: „Slim“ (180, 240 and 300 cm), „Mid“ (240, 300 and 360 cm) and „Bold“ (135, 185 and 250 cm*).

The base plates for the stands can be round, square or especially optimised for positioning against walls.

Different types of mounting attachments are available.

Cables are routed inside the stand, which means they are invisible and cannot spoil the harmonious overall impression.

	Column diameters			Material	Shape of base plate			Special feature
Heights	Slim	Mid	Bold	Beautifully shaped stainless steel for a wide range of applications. Colours other than those shown here are possible upon request.	 round	 square	 for walls	Integrated, invisible cable routing Wide range of mounting attachments Optimised for positioning against walls Inconspicuous integration into the room
	1,8 m	2,4 m	1,35 m					
	2,4 m	3,0 m	1,85 m					
	3,0 m	3,6 m	2,5 m*
